## Education

**THE BARTLETT SCHOOL OF ARCHITECTURE, UNIVERSITY COLLEGE LONDON** London, UK
*MSc Architectural Computation,* ***Distinction*** Sept 2026

- **Alistair Turner Prize recipient (Dissertation Prize)**
- **Thesis:** Surrogate Models of Residential Energy Use: Training Variety, Model Complexity and the Boundary of Validity (Tutor: Sean Hanna)
- **Modules:** Computational Analysis; Computational Synthesis; Computational Design Studio; Digital Ecologies Studio; Introduction to Computational Design Project; Morphogenetic Programming; Introduction to Programming for Architecture and Design; Design as a Knowledge-Based Process

**EPOKA UNIVERSITY** Tirana, Albania
*Integrated MSc in Architecture (five-year programme taught in English),* ***High Honours*** Sept 2023

- **Thesis:** Urban Morphology Generation from the Perspective of Public Space Indicators (Supervisor: Anna Yunitsyna)
- **Relevant coursework:** Architectural Design I–IV; Advanced Design Studio I–II; Digital Graphics I–II; Urban Design I–II; Structural Design; Studio of Conservation and Restoration; Environmental Control Studio; Sustainable Design and Technology; Research on Fabrication

**BAUHAUS UNIVERSITY WEIMAR** Weimar, Germany
*Bauhaus Summer School: Architectural Design (3 ECTS)* Aug 2019

## Experience

**SON ARCHITECTS** Tirana, Albania
*BIM Architect, full-time* Oct 2023 – Sept 2025

- Developed shared Revit models, project-specific parametric families and architectural drawing packages for mixed-use developments.
- Planned residential and hotel floors and underground parking, designed cores and technical spaces, and contributed to facade design.
- Coordinated engineering teams, worked with international design partners and conducted investor meetings alongside project managers.
- Adapted international designs to Albanian planning requirements and coordinated development and building permit submissions.
- Developed a five-storey residential building from concept through two permit stages (development and building permit).

**EPOKA UNIVERSITY** Tirana, Albania
*Teaching Assistant, part-time* *Oct 2022 – Mar 2023*

- Supported ARCH 201 (Architectural Design I) and ARCH 411 (Studio of Conservation and Restoration).
- Provided feedback on student projects, managed course materials and assisted with tutorials on digital tools.

**TIRANA MUNICIPALITY (Directorate of Strategic Projects)** Tirana, Albania
*Intern Architect, National Internship Programme* *Sept 2022 – Dec 2022*

- Prepared architectural drawings and documentation for various urban projects.
- Designed small-scale urban projects, including public parking spaces and neighbourhood parks.

**VILA-L SH.P.K. (Construction company)** Tirana, Albania
*Junior Architect, part-time* *Sept 2021 – Aug 2022*

- Produced architectural drawings for apartment buildings and prepared sales-focused apartment booklets.
- Conducted regular site visits to assess progress and ensure compliance with safety measures.

**KLIL EKSPO GROUP** Tirana, Albania
*Architect* Aug 2021 – Sept 2021

- Coordinated spatial planning for the 27th Tirana International Fair, including exhibitor zoning and circulation.

## Leadership & Activities

**HAWKINS\BROWN** London, UK
*Hero for a Day Hackathon Participant* May 2026
- Co-developed Sketch to Rhino in a team of four, converting hand sketches into scaled, layered geometry in Rhino.

**POLYTECHNIC UNIVERSITY OF TIRANA** Tirana, Albania
*Speaker and Co-author* Nov 2022
- Presented "Real Estate Market Trends Development in Astir from Buyer's Preferences" at the 9th International Symposium on Architecture, Archaeology and Contemporary City Planning.

**SPERO DISCOVER** London, UK
*Participant* 2025–2026
- Entrepreneurship programme for researchers at UCL Innovation & Enterprise.

**DESIGNING TOGETHER SUMMER DESIGN ACADEMY** Tirana, Albania
*Participant, selected by Epoka University (Tirana European Youth Capital 2022)* Jul – Oct 2022
- Won first place with the Epoka team for a low-cost neighbourhood park proposal.

**CHEVENING SCHOLAR, FULL SCHOLARSHIP FOR THE MSC AT UCL**

**EPOKA UNIVERSITY MERIT SCHOLARSHIP, 50%**

## Skills & Languages

**Programming:** Python (NumPy, Numba, Tinygrad, Pymoo), C#, MATLAB
**Computational Design & Data Analytics:** Grasshopper, Rhino, Unity and TouchDesigner. Visual programming, genetic algorithms, agent-based systems, cellular automata, optimisation, and machine learning (neural networks and surrogate modelling).
**BIM & CAD:** Autodesk Revit (central models, parametric families), AutoCAD
**Analysis:** QGIS, depthmapX (space syntax), Cyclops, Ladybug and DIALux
**Visualisation & Fabrication:** D5 Render, Lumion, Adobe Creative Suite and 3D printing
**Languages:** Albanian (native), English (fluent)
